AI-Assisted Workflows: UX Pilot, Figma Make, Claude — rapid ideation, prototyping, content drafting

EXPERIENCE

Sycamore — Consumer fintech, 400K+ users *Lagos, Nigeria (Hybrid)*

Senior Product Designer Jan 2026 – Present (Promotion)

Product Designer Sept 2022 – Dec 2025

- Redesigned Sycamore's Loan Application flow end-to-end, using AI-assisted ideation (UX Pilot, Figma Make, Claude) to compress three design cycles into one and ship to 10K+ active users.
- Led redesigns of Savings, Investments, and multi-currency Wallet flows, contributing to a **30% lift in customer retention** and a **20% improvement in onboarding conversion** across 400K+ registered users.
- Designed Sycamore's real-time analytics dashboard for the internal Core Banking System, used daily by operations and product teams to monitor customer health and transaction flow.
- Built and led adoption of Sycamore's cross-platform design system, **reducing design iteration time by 40%** and bringing visual consistency across 6+ product surfaces.
- Designed and launched *Events by Sycamore*, a fintech-integrated event platform — **sold 2,000+ tickets across 10+ events in its first 4 months**.
- Designed *Quickly*, a brand-campaign mini-game that drove **2,000+ plays and 100+ new signups in 48 hours**.

Bedrock Residence — Proptech *Remote (Contract)*

UI/UX Designer Jun 2024 – Sept 2024

- Designed iOS + Android property management app connecting residents and facility managers; built a scalable style guide adopted across the product line.

Garden Academy — Edtech *Remote (Internship)*

Product Design Intern Dec 2021 – Aug 2022

- Led the research workstream (team of 5) — surveys, interviews, competitor analysis, personas, and journey maps — informing the platform's first product release.
